

Dear Partners,

You can find below the programme for the first meeting of our Project that will take place in Málaga University (October 29th – 30th 2009). We think that it is a quite complete programme that try to respond to the main goals of this kind of meetings in the framework of a Grundtvig Association. These goals are:

- 1) To know better the features of the visited institution (in this case, Aula de Mayores of Málaga University) ([Presentations and Visits](#)).
- 2) To advance in direction of the goals of the project, making decisions and reaching agreements about the development of the project ([Meetings](#)).

Moreover, as this is the first meeting and we have just started working together by Campus Virtual, we have organized a couple of sessions to explain how to use Campus Virtual and Seminario Virtual ([Workshops](#)).

In the free time, we will be very glad to suggest you some places to visit and even to go with you as far as possible. We have organized a walk in the city centre on Thursday evening. We hope you enjoy your visit to Málaga.

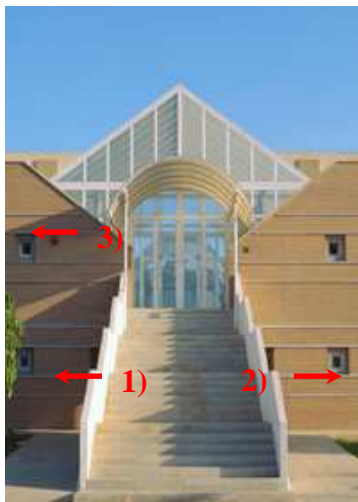

The programme is the following:
